# Star Student

Our Star Student this week is Brynlee Nethers. Brynlee's birthday is February 10<sup>th</sup>. Her favorite thing about school is leaving to go home. Brynlee's goal for the future is to get a good job. When asked, Brynlee said, "I am proud of myself for working hard in school." Something she likes about herself is, "That I am in both P.A.C.E. classes."

Congratulations to Brynlee!

Star Students are "Students Taking Awesome Responsibility." Students are chosen for this honor based on classroom behavior, attitude, and responsibility.

## CAMP INVENTION IS Back At LICKING VALLEY

Camp Invention's 2024 program, Illuminate, is designed to inspire students to become problem finders and problem solvers. Through hands-on activities and challenges, children build confidence, investigate STEM concepts, use their imaginations and learn that everyone can be creative. Students will participate in sessions called Let's Glow, Prototyping Studio, In the Game, and Operation: Hydrodrop. Visit [campinvention.org](http://campinvention.org) or call 800.968.4332 to register. I have led Camp Invention for several years, so don't hesitate to contact me if you have any questions! Use the code **STEMFUN25** to save **\$25 off before March 27.**

If you are interested in scholarship information, please let me know. I'm happy to share a local organization that often sponsors students to attend camps and other activities.
