What's Happening?

4th/5th Grade Math

The 4th grade math class will continue working on number sense concepts such as rounding, place value, and properties this week.

The 5th grade math class will continue to work on place value, decimals, and exponents this week.

Students will have homework this week. If students forget the homework at school, it can still be accessed from the P.A.C.E. website. Students should give the homework their best effort, but it should not take more than 20-30 minutes at the most. If it is a struggle, please circle the problems and credit will still be given. Students will also be introduced to the IXL website this week. Students will have assignments each chapter to work on and these will be due at the end of each chapter.

Star Student

Our Star Student this week is Zane Reeves. Zane's birthday is November 18th. His favorite thing about school is gym. His goal for the future is "to be a Youtuber." When asked, Zane said, "I am proud of myself for getting all green on all my report cards." Something he likes about himself is, "I help people on papers." Congratulations to Zane!

Star Students are "Students Taking Awesome Responsibility." Students are chosen for this honor based on classroom behavior, attitude, and responsibility.
